# OVO

OVO™ is a headlong rush into a colourful ecosystem teeming with life, where insects work, eat, crawl, flutter, play, fight and look for love in a nonstop riot of energy and movement. The insects' home is a world of biodiversity and beauty filled with noisy action and moments of quiet emotion.

When a mysterious egg appears in their midst, the insects are awestruck and intensely curious about this iconic object that represents the enigma and cycles of their lives.

It's love at first sight when a gawky, quirky insect arrives in this bustling community and a fabulous ladybug catches his eye—and the feeling is mutual.

OVO is overflowing with contrasts. The hidden, secret world at our feet is revealed as tender and torrid, noisy and quiet, peaceful and chaotic. And as the sun rises on a bright new day, the vibrant cycle of insect life begins anew...

OVO is written and directed by Deborah Colker.
